RULE XVII

REFERENCE TO COMMITTEES; MOTIONS TO DISCHARGE; REPORTS OF COMMITTEES; AND HEARINGS AVAILABLE

1. Except as provided in paragraph 3, in any case in which a controversy arises as to the jurisdiction of any committee with respect to any proposed legislation, the question of jurisdiction shall be decided by the presiding officer, without debate, in favor of the committee which has jurisdiction over the subject matter which predominates in such proposed legislation; but such decision shall be subject to an appeal.

* * * * * * *

3. (a) Upon motion by both the majority leader or his designee and the minority leader or his designee, proposed legislation may be referred to two or more committees jointly or sequentially. Notice of such motion and the proposed legislation to which it relates shall be printed in the Congressional Record. The motion shall be privileged, but it shall not be in order until the Congressional Record in which the notice is printed has been available to Senators for at least twenty-four hours. No amendment to any such motion shall be in order except amendments to any instructions contained therein. Debate on any such motion, and all amendments thereto and debatable motions and appeals in connection therewith, shall be limited to not more than two hours, the time to be equally divided between, and controlled by, the majority leader and the minority leader or their designee.

(b) Proposed legislation which is referred to two or more committees jointly may be reported only by such committees jointly and only one report may accompany any proposed legislation so jointly reported.

(c) A motion to refer any proposed legislation to two or more committees sequentially shall specify the order of referral.

(d) Any motion under this paragraph may specify the portion or portions of proposed legislation to be considered by the committees, or any of them, to which such proposed legislation is referred, and such committees or committee shall be limited, in the consideration of such proposed legislation, to the portion or portions so specified.

(e) Any motion under this subparagraph may contain instructions with respect to the time allowed for consideration by the committees, or any of them, to which proposed legislation is referred and the discharge of such committees, or any of them, from further consideration of such proposed legislation.

4. (a) All reports of committees and motions to discharge a committee from the consideration of a subject, and all subjects from which a committee shall be discharged, shall lie over one day for consideration, unless by unanimous consent the Senate shall otherwise direct.

(b) Whenever any committee (except the Committee on Appropriations) has reported any measure, by action taken in conformity with the requirements of paragraph 7 of rule XXVI, no point of order shall lie with respect to that measure on the ground that hearings upon that measure by the committee were not conducted in accordance with the provisions of paragraph 4 of rule XXVI.

5. Any measure or matter reported by any standing committee shall not be considered in the Senate unless the report of that committee upon that measure or matter has been available to Members for at least three calendar days (excluding Saturdays, Sundays, and legal holidays) prior to the consideration of that measure or matter. If hearings have been held on any such measure or matter so reported, the committee reporting the measure or matter shall make every reasonable effort to have such hearings printed and available for distribution to the Members of the Senate prior to the consideration of such measure or matter in the Senate. This paragraph—

(1) may be waived by joint agreement of the majority leader and the minority leader of the Senate; and

(2) shall not apply to—

(A) any measure for the declaration of war, or the declaration of a national emergency, by the Congress, and

(B) any executive decision, determination, or action which would become, or continue to be, effective unless disapproved or otherwise invalidated by one or both Houses of Congress.

RULE XXV

STANDING COMMITTEES

1. The following standing committees shall be appointed at the commencement of each Congress, and shall continue and have the power to act until their successors are appointed, with leave to report by bill or otherwise on matters within their respective jurisdictions:

3. Census and collection of statistics, including economic and social statistics.
4. Congressional organization, except for any part of the matter that amends the rules or orders of the Senate.
5. Federal Civil Service.
6. Government information.
7. Intergovernmental relations.
8. Municipal affairs of the District of Columbia, except appropriations therefor.
9. Organization and management of United States nuclear export policy.
10. Organization and reorganization of the executive branch of the Government.
11. Postal service.
12. Status of officers and employees of the United States, including their classification, compensation, and benefits.

(2) Such committee shall have the duty of—

(A) receiving and examining reports of the Comptroller General of the United States and of submitting such recommendations to the Senate as it deems necessary or desirable in connection with the subject matter of such reports;

(B) studying the efficiency, economy, and effectiveness of all agencies and departments of the Government;

(C) evaluating the effects of laws enacted to reorganize the legislative and executive branches of the Government; and

RULE XXVI

COMMITTEE PROCEDURE

1. Each standing committee, including any subcommittee of any such committee, is authorized to hold such hearings, to sit and act at such times and places during the sessions, recesses, and adjourned periods of the Senate, to require by subpena or otherwise the attendance of such witnesses and the production of such correspondence, books, papers, and documents, to take such testimony and to make such expenditures (not in excess of $10,000 for each committee during any Congress) as it deems advisable. Each such committee may make investigations into any matter within its jurisdiction, may report such hearings as may be had by it, and may employ stenographic assistance at a cost not exceeding the amount prescribed by the Committee on Rules and Administration.[1] The expenses of the committee shall be paid from the contingent fund of the Senate upon vouchers approved by the chairman.

2. Each committee[2] shall adopt rules (not inconsistent with the Rules of the Senate) governing the procedure of such committee. The rules of each committee shall be published in the Congressional Record not later than March 1 of each year, except that if any such committee is established on or after February 1 of a year, the rules of that committee during the year of establishment shall be published in the Congressional Record not later than sixty days after such establishment. An amendment to the rules of any such committee shall be published in the Congressional Record not later than thirty days after the adoption of such amendment. If the Congressional Record is not published on the last day of any period referred to above, such period shall be extended until the first day thereafter on which it is published.

3. Each standing committee (except the Committee on Appropriations) shall fix regular weekly, biweekly, or monthly meetings days for the transaction of business before the committee and additional meetings may be called by the chairman as he may deem necessary. If at least three members of any such committee desire that a special meeting of the committee be called by the chairman, those members may file in the offices of the committee their written request to the chairman

---

[1] Pursuant to section 68c of title 2, United States Code, the Committee on Rules and Administration issues "Regulations Governing Rates Payable to Commercial Reporting Firms for Reporting Committee Hearings in the Senate." Copies of the regulations currently in effect may be obtained from the Committee.

[2] The term "each committee" when used in these rules includes standing, select, and special committees unless otherwise specified.

for that special meeting. Immediately upon the filing of the request, the clerk of the committee shall notify the chairman of the filing of the request. If, within three calendar days after the filing of the request, the chairman does not call the requested special meeting, to be held within seven calendar days after the filing of the request, a majority of the members of the committee may file in the offices of the committee their written notice that a special meeting of the committee will be held, specifying the date and hour of that special meeting. The committee shall meet on that date and hour. Immediately upon the filing of the notice the clerk of the committee shall notify all members of the committee that such special meeting will be held and inform them of its date and hour. If the chairman of any such committee is not present at any regular, additional, or special meeting of the committee, the ranking member of the majority party on the committee who is present shall preside at that meeting.

4. (a) Each committee (except the Committee on Appropriations and the Committee on the Budget) shall make public announcement of the date, place, and subject matter of any hearing to be conducted by the committee on any measure or matter at least one week before the commencement of that hearing unless the committee determines that there is good cause to begin such hearing at an earlier date.

(b) Each committee (except the Committee on Appropriations) shall require each witness who is to appear before the committee in any hearing to file with the clerk of the committee, at least one day before the date of the appearance of that witness, a written statement of his proposed testimony unless the committee chairman and the ranking minority member determine that there is good cause for noncompliance. If so requested by any committee, the staff of the committee shall prepare for the use of the members of the committee before each day of hearing before the committee a digest of the statements which have been so filed by witnesses who are to appear before the committee on that day.

(c) After the conclusion of each day of hearing, if so requested by any committee, the staff shall prepare for the use of the members of the committee a summary of the testimony given before the committee on that day. After approval by the chairman and the ranking minority member of the committee, each such summary may be printed as a part of the committee hearings if such hearings are ordered by the committee to be printed.

(d) Whenever any hearing is conducted by a committee (except the Committee on Appropriations) upon any measure or matter, the minority on the committee shall be entitled, upon request made by a majority of the minority members to the chairman before the completion of such hearing to call witnesses selected by the minority to testify with respect to the measure or matter during at least one day of hearing thereon.

5. (a) Notwithstanding any other provision of the rules, when the Senate is in session, no committee of the Senate or any subcommittee thereof may meet, without special leave, after the conclusion of the first two hours after the meeting of the Senate commenced and in no case after two o'clock postmeridian unless consent therefor has been obtained from the majority leader and the minority leader (or in the event of the absence of either of such leaders, from his designee). The prohibition contained in the preceding sentence shall not apply to the Committee on Appropriations or the Committee on the Budget. The majority leader or his designee shall announce to the Senate whenever consent has been given under this subparagraph and shall state the time and place of such meeting. The right to make such announcement of consent shall have the same priority as the filing of a cloture motion.

(b) Each meeting of a committee, or any subcommittee thereof, including meetings to conduct hearings, shall be open to the public, except that a meeting or series of meetings by a committee or a subcommittee thereof on the same subject for a period of no more than fourteen calendar days may be closed to the public on a motion made and seconded to go into closed session to discuss only whether the matters enumerated in clauses (1) through (6) would require the meeting to be closed, followed immediately by a record vote in open session by a majority of the members of the committee or subcommittee when it is determined that the matters to be discussed or the testimony to be taken at such meeting or meetings—

(1) will disclose matters necessary to be kept secret in the interests of national defense or the confidential conduct of the foreign relations of the United States;

(2) will relate solely to matters of committee staff personnel or internal staff management or procedure;

(3) will tend to charge an individual with crime or misconduct, to disgrace or injure the professional standing of an individual, or otherwise to expose an individual to public contempt or obloquy or will represent a clearly unwarranted invasion of the privacy of an individual:

(4) will disclose the identity of any informer or law enforcement agent or will disclose any information relating to the investigation or prosecution of a criminal offense that is required to be kept secret in the interests of effective law enforcement;

(5) will disclose information relating to the trade secrets of financial or commercial information pertaining specifically to a given person if—

(A) an Act of Congress requires the information to be kept confidential by Government officers and employees; or

(B) the information has been obtained by the Government on a confidential basis, other than through an application by such person for a specific Government financial or other benefit, and is required to be kept secret in order to prevent undue injury to the competitive position of such person; or

(6) may divulge matters required to be kept confidential under other provisions of law or Government regulations.

(c) Whenever any hearing conducted by any such committee or subcommittee is open to the public, that hearing may be broadcast by radio or television, or both, under such rules as the committee or subcommittee may adopt.

(d) Whenever disorder arises during a committee meeting that is open to the public, or any demonstration of approval or disapproval is indulged in by any person in attendance at any such meeting, it shall be the duty of the Chair to enforce order on his own initiative and without any point of order being made by a Senator. When the Chair finds it necessary to maintain order, he shall have the power to clear the room, and the committee may act in closed session for so long as there is doubt of the assurance of order.

(e) Each committee shall prepare and keep a complete transcript or electronic recording adequate to fully record the proceeding of each meeting or conference whether or not such meeting or any part thereof is closed under this paragraph, unless a majority of its members vote to forgo such a record.

6. Morning meetings of committees and subcommittees thereof shall be scheduled for one or both of the periods prescribed in this paragraph. The first period shall end at eleven o'clock antemeridian. The second period shall begin at eleven o'clock antemeridian and end at two o'clock postmeridian.

7. (a)(1) Except as provided in this paragraph, each committee, and each subcommittee thereof is authorized to fix the number of its members (but not less than one-third of its entire membership) who shall constitute a quorum thereof for the transaction of such business as may be considered by said committee, except that no measure or matter or recommendation shall be reported from any committee unless a majority of the committee were physically present.

(2) Each such committee, or subcommittee, is authorized to fix a lesser number than one-third of its entire membership who shall constitute a quorum thereof for the purpose of taking sworn testimony.

(3) The vote of any committee to report a measure or matter shall require the concurrence of a majority of the members of the committee who are present. No vote of any member of any committee to report a measure or matter may be cast by proxy if rules adopted by such committee forbid the casting of votes for that purpose by proxy; however, proxies may not be voted when the absent committee member has not been informed of the matter on which he is being recorded and has not affirmatively requested that he be so recorded. Action by any committee in reporting any measure or matter in accordance with the requirements of this subparagraph shall constitute the ratification by the committee of all action theretofore taken by the committee with respect to that measure or matter, including votes taken upon the measure or matter or any amendment thereto, and no point of order shall lie with respect to that measure or matter on the ground that such previous action with respect thereto by such committee was not taken in compliance with such requirements.

(b) Each committee (except the Committee on Appropriations) shall keep a complete record of all committee action. Such record shall include a record of the votes on any question on which a record vote is demanded. The results of rollcall votes taken in any meeting of any committee upon any measure, or any amendment thereto, shall be announced in the committee report on that measure unless previously announced by the committee, and such announcement shall include a tabulation of the votes cast in favor of and the votes cast in opposition to each such measure and amendment by each member of the committee who was present at that meeting.

(c) Whenever any committee by rollcall vote reports any measure or matter, the report of the committee upon such measure or matter shall include a tabulation of the votes cast by each member of the committee in favor of and in opposition to such measure or matter. Nothing contained in this subparagraph shall abrogate the power of any committee to adopt rules—

(1) providing for proxy voting on all matters other than the reporting of a measure or matter, or

(2) providing in accordance with subparagraph (a) for a lesser number as a quorum for any action other than the reporting of a measure or matter.

8. (a) In order to assist the Senate in—

(1) its analysis, appraisal, and evaluation of the application, administration, and execution of the laws enacted by the Congress, and

(2) its formulation, consideration, and enactment of such modifications of or changes in those laws, and of such additional legislation, as may be necessary or appropriate, each standing committee (except the Committees on Appropriations and the Budget), shall review and study, on a continuing basis the application, administration, and execution of those laws, or parts of laws, the subject matter of which is within the legislative jurisdiction of that committee. Such committees may carry out the required analysis, appraisal, and evaluation themselves, or by contract, or may require a Government agency to do so and furnish a report thereon to the Senate. Such committees may rely on such techniques as pilot testing, analysis of costs in comparison with benefits, or provision for evaluation after a defined period of time.

(b) In each odd-numbered year, each such committee shall submit, not later than March 31, to the Senate, a report on the activities of that committee under this paragraph during the Congress ending at noon on January 3 of such year.

9. Each committee which requires authorization for the expenditure of funds in excess of the amount specified in paragraph 1 of this rule shall offer one annual authorization resolution to procure such authorization. Each such annual authorization resolution shall include a specification of the amount of all such funds sought by such committee. The annual authorization resolution of any committee shall be offered not later than January 31 of that year, except that, whenever the designation of members of committees occurs during the first session of any Congress at a date later than January 20, such resolution may be offered at any time within thirty days after the date on which the members of such committees are designated. After the date on which an annual authorization resolution has been offered by any committee in any year, such committee in that year may procure authorization for additional expenditures only by offering a supplemental authorization resolution. Each such supplemental authorization resolution shall include a specification of the amount of all supplemental funds sought by that committee. Each such supplemental authorization resolution shall amend

the annual authorization resolution of such committee for that year unless the committee offered no annual authorization resolution for that year, in which case the committee's supplemental authorization resolution shall not be an amendment to any other resolution and any subsequent supplemental authorization resolution of such committee for the same year shall amend the first such resolution offered by the committee for that year. Each such supplemental resolution reported by such committee shall be accompanied by a report to the Senate specifying with particularity the purpose for which such authorization is sought and the reason why such authorization could not have been sought at the time of, or within the period provided for, the submission by such committee of an annual authorization resolution for that year. This paragraph shall not apply to any resolution requesting funds in addition to the amount specified in paragraph 1 of this rule and which are to be expended only for the same purposes for which such amount may be expended. This subparagraph does not apply to the Committee on Appropriations.

10. (a) All committee hearings, records, data, charts, and files shall be kept separate and distinct from the congressional office records of the Member serving as chairman of the committee; and such records shall be the property of the Senate and all members of the committee and the Senate shall have access to such records. Each committee is authorized to have printed and bound such testimony and other data presented at hearings held by the committee.

(b) It shall be the duty of the chairman of each committee to report or cause to be reported promptly to the Senate any measure approved by his committee and to take or cause to be taken necessary steps to bring the matter to a vote. In any event, the report of any committee upon a measure which has been approved by the committee shall be filed within seven calendar days (exclusive of days on which the Senate is not in session) after the day on which there has been filed with the clerk of the committee a written and signed request of a majority of the committee for the reporting of that measure. Upon the filing of any such request, the clerk of the committee shall transmit immediately to the chairman of the committee notice of the filing of that request. This subparagraph does not apply to the Committee on Appropriations.

(c) If at the time of approval of a measure or matter by any committee (except for the Committee on Approriations), any member of the committee gives notice of intention to file supplemental, minority, or additional views, that member shall be entitled to not less than three calendar days in which to file such views, in writing, with the clerk of the committee. All such views so filed by one or more members of the committee shall be included within, and shall be a part of, the report filed by the committee with respect to that measure or matter. The report of the committee upon that measure or matter shall be printed in a single volume which—

(1) shall include all supplemental, minority, or additional views which have been submitted by the time of the filing of the report, and

(2) shall bear upon its cover a recital that supplemental, minority, or additional views are included as part of the report.

This subparagraph does not preclude—

(A) the immediate filing and printing of a committee report unless timely request for the opportunity to file supplemental, minority, or additional views has been made as provided by this subparagraph; or

(B) the filing by any such committee of any supplemental report upon any measure or matter which may be required for the correction of any technical error in a previous report made by that committee upon that measure or matter.

11. (a) The report accompanying each bill or joint resolution of a public character reported by any committee (except the Committee on Appropriations and the Committee on the Budget) shall contain—

(1) an estimate, made by such committee, of the costs which would be incurred in carrying out such bill or joint resolution in the fiscal year in which it is reported and in each of the five fiscal years following such fiscal year (or for the authorized duration of any program authorized by such bill or joint resolution, if less than five years), except that, in the case of measures affecting the revenues, such reports shall require only an estimate of the gain or loss in revenues for a one-year period; and

(2) a comparison of the estimate of costs described in subparagraph (1) made by such committee with any estimate of costs made by any Federal agency; or

(3) in lieu of such estimate or comparison, or both, a statement of the reasons why compliance by the committee with the requirements of subparagraph (1) or (2), or both, is impracticable.

(b) Each such report (except those by the Committee on Appropriations) shall also contain—

(1) an evaluation, made by such committee, of the regulatory impact which would be incurred in carrying out the bill or joint resolution. The evaluation shall include (A) an estimate of the numbers of individuals and businesses who would be regulated and a determination of the groups and classes of such individuals and businesses, (B) a determination of the economic impact of such regulation on the individuals, consumers, and businesses affected, (C) a determination of the impact on the personal privacy of the individuals affected, and (D) a determination of the amount of additional paperwork that will result from the regulations to be promulgated pursuant to the bill or joint resolution, which determination may include, but need not be limited to, estimates of the amount of time and financial costs required of affected parties, showing whether the effects of the bill or joint resolution could be substantial, as well as reasonable estimates of the recordkeeping requirements that may be associated with the bill or joint resolution; or

(2) in lieu of such evaluation, a statement of the reasons why compliance by the committee with the requirements of clause (1) is impracticable.

(c) It shall not be in order for the Senate to consider any such bill or joint resolution if the report of the committee on such bill or joint resolution does not comply with the provisions of subparagraphs (a) and (b) on the objection of any Senator.

12. Whenever a committee reports a bill or a joint resolution repealing or amending any statute or part thereof it shall make a report thereon and shall include in such report or in an accompanying document (to be prepared by the staff of such committee) (a) the text of the statute or part thereof which is proposed to be repealed; and (b) a comparative print of that part of the bill or joint resolution making the amendment and of the statute or part thereof proposed to be amended, showing by stricken-through type and italics, parallel columns, or other appropriate typographical devices the omissions and insertions which would be made by the bill or joint resolution if enacted in the form recommended by the committee. This paragraph shall not apply to any such report in which it is stated that, in the opinion of the committee, it is necessary to dispense with the requirements of this subsection to expedite the business of the Senate.

13. (a) Each committee (except the Committee on Appropriations) which has legislative jurisdiction shall, in its consideration of all bills and joint resolutions of a public character within its jurisdiction, endeavor to insure that—

(1) all continuing programs of the Federal Government and of the government of the District of Columbia, within the jurisdiction of such committee or joint committee, are designed; and

(2) all continuing activities of Federal agencies, within the jurisdiction of such committee of joint committee, are carried on; so that, to the extent consistent with the nature, requirements, and objectives of those programs and activities, appropriations therefor will be made annually.

(b) Each committee (except the Committee on Appropriations) shall with respect to any continuing program within its jurisdiction for which appropriations are not made annually, review such program, from time to time, in order to ascertain whether such program could be modified so that appropriations therefor would be made annually.

RULE XXVII

COMMITTEE STAFF

1. (a) Each standing committee (other than the Committee on Appropriations) is authorized to appoint, by majority vote of the committee, not more than six professional staff members in addition to the clerical staffs. Such professional staff members shall be assigned to the chairman and the ranking minority member of such committee as the committee may deem advisable, except that whenever a majority of the minority members of such committee so request, two of such professional staff members may be selected for appointment by majority vote of the minority members and the committee shall appoint any staff members so selected. A staff member or members appointed pursuant to a request by the minority members of the committee shall be assigned to such committee business as such minority members deem advisable. Services of professional staff members appointed by a majority vote of the committee may be terminated by a majority vote of the committee and services of professional staff members appointed pursuant to a request by the minority members of the committee shall be terminated by the committee when a majority of such minority members so request. Professional staff members authorized by this subparagraph shall be appointed on a permanent basis, without regard to political affiliation, and solely on the basis of fitness to perform the duties of their respective positions. Such professional staff members shall not engage in any work other than committee business and no other duties may be assigned to them.

* * * * * * *

(c) The clerical staff of each standing committee (other than the Committee on Appropriations), which shall be appointed by a majority vote of the committee, shall consist of not more than six clerks to be attached to the office of the chairman, to the ranking minority member and to the professional staff, as the committee may deem advisable, except that whenever a majority of the minority members of such committee so requests, one of the members of the clerical staff may be selected for appointment by majority vote of such minority members and the committee shall appoint any staff member so selected. The clerical staff shall handle committee correspondence and stenographic work, both for the committee staff and for the chairman and ranking minority member on matters related to committee work, except that if a member of the clerical staff is appointed pursuant to a request by the minority members of the committee, such clerical staff member shall handle committee correspondence and stenographic work for the minority members of the committee and for any members of the committee staff appointed under subparagraph (a) pursuant to request by such minority members, on matters related to committee work. Services of clerical staff members appointed by majority vote of the committee may be terminated by majority vote of the committee and services of clerical staff members appointed pursuant to a request by the minority members of the committee shall be terminated by the committee when a majority of such minority members so request.

(d) In any case in which a request for the appointment of a minority staff member under subparagraph (a) or subparagraph (c) is made at any time when no vacancy exists to which the appointment requested may be made—

(1) the person appointed pursuant to such a request under subparagraph (a) may serve in addition to any other professional staff members authorized by such subsection and may be paid from the contingent fund of the Senate until such time as such a vacancy occurs, at which time such person shall be considered to have been appointed to such vacancy; and

(2) the person appointed pursuant to such a request under subparagraph (c) may serve in addition to any other clerical staff members authorized by such subparagraph and may be paid, until otherwise provided, from the contingent fund of the Senate.

2. (a) Staff members appointed pursuant to a request by minority members of a committee under subparagraph (a) or subparagraph (c) of paragraph 1, and staff members appointed to assist minority members of committees pursuant to authority of a resolution described in paragraph 9 of rule XXVI or other Senate resolution, shall be accorded equitable treatment with respect to the fixing of salary rates, the assignment of facilities, and the accessibility of committee records.

(b) The minority shall receive fair consideration in the appointment of staff personnel pursuant to authority of a resolution described in paragraph 9 of rule XXVI.

Res. 4, 95th Cong., agreed to Feb. 4, 1977 which changed the name of the Committee on Governmental Affairs.

HISTORICAL BACKGROUND

Prior to 1921, there existed 11 Committees on expenditures in various executive departments. In May 1920 the Senate resolved that, beginning with the 67th Congress, the 11 departmental expenditures Committees which then existed should be consolidated into one standing Committee on Expenditures in the Executive Departments. On April 13, 1921, a resolution was introduced setting up 34 standing Committees of the Senate. Among them was the Committee on Expenditures in the Executive Departments, composed of seven members.

With the enactment of the Legislative Reorganization Act of 1946, on August 2, 1946, effective January 2, 1947 the Committee on Expenditures in the Executive Departments was re-created with an enlarged membership of 13 members, and its jurisdiction was extended to cover the items and areas set forth under Rule XXV of the Standing Rules of the Senate as indicated on page VII. The name of the Committee was changed to Committee on Government Operations, on March 3, 1952, by the adoption of Senate Resolution 280, 82d Congress. The name change was deemed necessary in order to place proper emphasis on some of the principal functions of the Committee—continuing studies of all Government activities at all levels, and to avoid the misleading effect of the Committee's former name. The membership of the Committee was reduced to nine at the beginning of the 86th Congress; increased to 15 at the beginning of the 88th Congress; established at 14 at the beginning of the 89th Congress; increased to 15 at the beginning of the 90th Congress. The membership remained at 15 during the 91st Congress. Pursuant to Public Law 91-510 effective January 3, 1971, the membership was changed to 14. Pursuant to Senate Resolution 15, effective January 28, 1971, the membership was increased to 18.

In the 93d Congress, the membership was reduced to 16 by Senate Resolution 10, effective January 4, 1973, further reduced to 15 by Senate Resolution 234, effective January 23, 1974, and further reduced to 14 by Senate Resolution 17, effective January 17, 1975.

Effective February 11, 1977, the name of the Committee was changed to Committee on Governmental Affairs by Senate Resolution 4, agreed to on February 4, 1977, which also increased the membership to 19. Senate Resolution 82, agreed to on February 11, 1977, reduced the membership to 17.

On April 27, 1982, Senate Resolution 380 increased the membership to 18 for the remainder of the 97th Congress. The membership was retained at 18 for the 98th Congress by Senate Resolution 8 which appointed one additional member to the majority.

Senate Resolution 74, agreed to February 21, 1985, reduced the size of the Committee to 13 members.

Senate Resolution 14, agreed to January 6, 1987, increased the size of the Committee to 14 members.

RULES OF PROCEDURE ADOPTED BY THE COMMITTEE ON GOVERNMENTAL AFFAIRS

PURSUANT TO RULE XXVI, SEC. 2, STANDING RULES OF THE SENATE

RULE 1. MEETINGS AND MEETING PROCEDURES OTHER THAN HEARINGS

A. *Meeting dates.* The Committee shall hold its regular meetings on the first Thursday of each month, when the Congress is in session, or at such other times as the chairman shall determine. Additional meetings may be called by the chairman as he deems necessary to expedite Committee business. (Rule XXVI, Sec. 3, Standing Rules of the Senate.)

B. *Calling special Committee meetings.* If at least three members of the Committee desire the chairman to call a special meeting, they may file in the offices of the Committee a written request therefor, addressed to the chairman. Immediately thereafter, the clerk of the Committee shall notify the chairman of such request. If, within three calendar days after the filing of such request, the chairman fails to call the requested special meeting, which is to be held within seven calendar days after the filing of such request, a majority of the Committee members may file in the offices of the Committee their written notice that a special Committee meeting will be held, specifying the date and hour thereof, and the Committee shall meet on that date and hour. Immediately upon the filing of such notice, the Committee clerk shall notify all Committee members that such special meeting will be held and inform them of its date and hour. If the chairman is not present at any regular, additional or special meeting, the ranking majority member present shall preside. (Rule XXVI, Sec. 3, Standing Rules of the Senate.)

C. *Meeting notices and agenda.* Written notices of Committee meetings, accompanied by an agenda, enumerating the items of business to be considered, shall be sent to all Committee members at least three days in advance of such meetings. In the event that unforeseen requirements or Committee business prevent a three-day notice, the Committee staff shall communicate such notice by telephone or otherwise to members or appropriate staff assistants in their offices, and an agenda will be furnished prior to the meeting.

D. *Open business meetings.* Meetings for the transaction of Committee or Subcommittee business shall be conducted in open session, except that a meeting or series of meetings on the same subject for a period of no more than fourteen calendar days may be closed to the public on a motion made and seconded to go into closed session to discuss only whether the matters enumerated in clauses (1) through (6) below would require the meeting to be closed, followed immediately by a record vote in open session by a majority of the Committee or Subcommittee members when it is determined that the matters to be discussed or the testimony to be taken at such meeting or meetings—

(1) will disclose matters necessary to be kept secret in the interests of national defense or the confidential conduct of the foreign relations of the United States;

(2) will relate solely to matters of Committee or Subcommittee staff personnel or internal staff management or procedure;

(3) will tend to charge an individual with crime or misconduct, to disgrace or injure the professional standing of an individual, or otherwise to expose an individual to public contempt or obloquy or will represent a clearly unwarranted invasion of the privacy of an individual;

(4) will disclose the identity of an informer or law enforcement agent or will disclose any information relating to the investigation or prosecution of a criminal offense that is required to be kept secret in the interests of effective law enforcement;

(5) will disclose information relating to the trade secrets of financial or commercial information pertaining specifically to a given person if—

(A) an Act of Congress requires the information to be kept confidential by Government officers and employees; or

(B) the information has been obtained by the Government on a confidential basis, other than through an application by such person for a specific Government financial or other benefit, and is required to be kept secret in order to prevent undue injury to the competitive position of such person; or

(6) may divulge matters required to be kept confidential under other provisions of law or Government regulations. (Rule XXVI, Sec. 5(b), Standing Rules of the Senate.)

Notwithstanding the foregoing, whenever disorder arises during a Committee meeting that is open to the public, or any demonstration of approval or disapproval is indulged in by any person in attendence at any such meeting, it shall be the duty of the chairman to enforce order on his own initiative and without any point of order being made by a member of the Committee; *provided, further,* that when the chairman finds it necessary to maintain order, he shall have the power to clear the room, and the Committee may act in closed session for so long as there is doubt of the assurance of order. (Rule XXVI, Sec. 5(d), Standing Rules of the Senate.)

E. *Prior notice of first degree amendments.* It shall not be in order for the Committee, or a Subcommittee thereof, to consider any amendment in the first degree proposed to any measure under consideration by the Committee or Subcommittee unless a written copy of such amendment has been delivered to each member of the Committee or Subcommittee, as the case may be, and to the office of the Committee or Subcommittee, at least 24 hours before the meeting of the Committee or Subcommittee at which the amendment is to be proposed. This subsection may be waived by a majority of the members present. This subsection shall apply only when at least 72 hours written notice of a session to mark-up a measure is provided to the Committee.

F. *Agency comments.* When the Committee has scheduled and publicly announced a markup meeting on pending legislation, if executive branch agencies, whose comments thereon have been requested, have not responded by the time of the announcement of such meeting, the announcement shall include the final date upon which the comments of such agencies, or any other agencies, will be accepted by the Committee.

G. *Meeting transcript.* The Committee shall prepare and keep a complete transcript or electronic recording adequate to fully record the proceeding of each meeting or conference whether or not such meeting or any part thereof is closed to the public, unless a majority of the Committee members vote to forgo such a record. (Rule XXVI, Sec. 5(e), Standing Rules of the Senate.)

RULE 2. QUORUMS

A. *Reporting legislation.* Eight members of the Committee shall constitute a quorum for reporting to the Senate any legislative measures, matters or recommendations. (Rule XXVI, Sec. 7(a)(1), Standing Rules of the Senate.)

B. *Transaction of routine business.* Five members of the Committee shall constitute a quorum for the transaction of routine business, provided that one member of the minority is present.

For the purpose of this paragraph, the term "routine business" includes the convening of a meeting and the consideration of any business of the Committee other than reporting to the Senate any measures, matters or recommendations. (Rule XXVI, Sec. 7(a)(1), Standing Rules of the Senate.)

C. *Taking sworn testimony.* Two members of the Committee shall constitute a quorum for taking sworn testimony: *Provided, however,* That one member of the Committee shall constitute a quorum for such purpose, with the approval of the chairman and the ranking minority member of the Committee, or their designees. (Rule XXVI, Sec. 7(a)(2), Standing Rules of the Senate.)

D. *Taking unsworn testimony.* One member of the Committee shall constitute a quorum for taking unsworn testimony. (Rule XXVI, Sec. 7(c)(2), Standing Rules of the Senate.)

E. *Subcommittee quorums.* Subject to the provisions of sections 7(a) 1 and 2 of Rule XXVI of the Standing Rules of the Senate, the Subcommittees of this Committee are authorized to establish their own quorums for the transaction of business and the taking of sworn testimony.

F. *Proxies prohibited in establishment of quorum.* Proxies shall not be considered for the establishment of a quorum.

RULE 3. VOTING

A. *Quorum required.* Subject to the provisions of subsection (E), no vote may be taken by the Committee, or any Subcommittee thereof, on any measure or matter unless a quorum, as prescribed in the preceding section, is actually present.

B. *Reporting measures and matters.* No measure, matter or recommendation shall be reported from the Committee unless a majority of the Committee members are actually present, and the vote of the Committee to report a measure or matter shall require the concurrence of a majority of those members who are actually present at the time the vote is taken. (Rule XXVI, Sec. 7(a) (1) and (3), Standing Rules of the Senate.)

C. *Proxy voting.* Proxy voting shall be allowed on all measures and matters before the Committee, or any Subcommittees thereof, except that, when the Committee, or any Subcommittee thereof, is voting to report a measure or matter, proxy votes shall be allowed solely for the purposes of recording a member's position on the pending question and then, only if the absent Committee member has been informed of the matter on which he is being recorded and has affirmatively requested that he be so recorded. All proxies shall be addressed to the chairman of the Committee and filed with the chief clerk thereof, or to the chairman of the Subcommittee and filed with the clerk thereof, as the case may be. All proxies shall be in writing and shall contain sufficient reference to the pending matter as is necessary to identify it and to inform the Committee as to how the member establishes his vote to be recorded thereon. (Rule XXVI, Sec. 7(a)(3) and 7(c)(1), Standing Rules of the Senate.)

D. *Announcement of vote.* (1) Whenever the Committee by rollcall vote reports any measure or matter, the report of the Committee upon such a measure or matter shall include a tabulation of the votes cast in favor of and the votes cast in opposition to such measure or matter by each member of the Committee. (Rule XXVI, Sec. 7(c), Standing Rules of the Senate.)

(2) Whenever the Committee by rollcall vote acts upon any measure or amendment thereto, other than reporting a measure or recommendation, the results thereof shall be announced in the Committee report on that measure unless previously announced by the Committee, and such announcement shall include a tabulation of the votes cast in favor of and the votes cast in opposition to each such measure and amendment thereto by each member of the Committee who was present at the meeting. (Rule XXVI, Sec. 7(b), Standing Rules of the Senate.)

(3) In any case in which a rollcall vote is announced, the tabulation of votes shall state separately the proxy vote recorded in favor of and in opposition to that measure, amendment thereto, or recommendation. (Rule XXVI, Sec. 7 (b) and (c), Standing Rules of the Senate.)

E. *Polling.* (1) The Committee may poll (a) internal Committee matters including the Committee's staff, records and budget; (b) steps in an investigation, including issuance of subpoenas, applications for immunity orders, and requests for documents from agencies; and (c) other Committee business other than a vote on reporting to the Senate any measures, matters or recommendations or a vote on closing a meeting or hearing to the public.

(2) The chairman, or a Committee member or staff officer designated by him, shall undertake any poll of the members of the Committee. If any member requests, any matter to be polled shall be held for meeting rather than being polled. The chief clerk of the Committee shall keep a record of polls; if a majority of the members of the Committee determine that the polled matter is in one of the areas enumerated in subsection (D) of Rule 1, the record of the poll shall be confidential. Any Committee member may move at the Committee meeting following the poll for a vote on the polled decision, such motion and vote to be subject to the provisions of subsection (D) of Rule 1, where applicable.

RULE 4. CHAIRMANSHIP OF MEETINGS AND HEARINGS

The chairman shall preside at all Committee meetings and hearings except that he shall designate a temporary chairman to act in his place if he is unable to be present at a scheduled meeting or hearing. If the chairman (or his designee) is absent ten minutes after the scheduled time set for a meeting or hearing, the senior Senator present of the chairman's party shall act in his stead until the chairman's arrival. If there is no member of the chairman's party present, the senior Senator of the Committee minority present, with the prior approval of the chairman, may open and conduct the meeting or hearing until such time as a member of the majority enters.

RULE 5. HEARINGS AND HEARING PROCEDURES

A. *Announcement of hearings.* The Committee, or any Subcommittee thereof, shall make public announcement of the date, place, time and subject matter of any hearing to be conducted on any measure or matter at least one week in advance of such hearing, unless the Committee, or Subcommittee, determines that there is good cause to begin such hearing at an earlier date. (Rule XXVI, Sec. 4(a), Standing Rules of the Senate.)

B. *Open hearings.* Each hearing conducted by the Committee, or any Subcommittee thereof, shall be open to the public, except that a hearing or series of hearings on the same subject for a period of no more than fourteen calendar days may be closed to the public on a motion made and seconded to go into closed session to discuss only whether the matters enumerated in clauses (1) through (6) below would require the hearing to be closed, followed immediately by a record vote in open session by a majority of the Committee or Subcommittee members when it is determined that the matters to be discussed or the testimony to be taken at such hearing or hearings—

(1) will disclose matters necessary to be kept secret in the interests of national defense or the confidential conduct of the foreign relations of the United States;

(2) will relate solely to matters of Committee or Subcommittee staff personnel or internal staff management or procedure;

(3) will tend to charge an individual with crime or misconduct, to disgrace or injure the professional standing of an individual, or otherwise to expose an individual to public contempt or obloquy or will represent a clearly unwarranted invasion of the privacy of an individual;

(4) will disclose the identity of an informer or law enforcement agent or will disclose any information relating to the investigation or prosecution of a criminal offense that is required to be kept secret in the interests of effective law enforcement;

(5) will disclose information relating to the trade secrets of financial or commercial information pertaining specifically to a given person if—

(A) an Act of Congress requires the information to be kept confidential by Government officers and employees; or

(B) the information has been obtained by the Government on a confidential basis, other than through an application by such person for a specific Government financial or other benefit, and is required to be kept secret in order to prevent undue injury to the competitive position of such person; or

(6) may divulge matters required to be kept confidential under other provisions of law or Government regulations. (Rule XXVI, Sec. 5(b), Standing Rules of the Senate.)

Notwithstanding the foregoing, whenever disorder arises during a Committee hearing that is open to the public, or any demonstration of approval or disapproval is indulged in by any person in attendance at any such hearing, it shall be the duty of the chairman to enforce order on his own initiative and without any point of order being made by a member of the Committee; *provided, further,* that when the chairman finds it necessary to maintain order, he shall have the power to clear the room, and the Committee may act in closed session for so long as there is doubt of the assurance of order. (Rule XXVI, Sec. 5(d), Standing Rules of the Senate.)

C. *Full Committee subpoenas.* The chairman, with the approval of the ranking minority member of the Committee, is authorized to subpoena the attendance of witnesses or the production of memoranda, documents, records, or any other materials, provided that the chairman may subpoena attendance or production without the approval of the ranking

minority member where the chairman or a staff officer designated by him has not received notification from the ranking minority member or a staff officer designated by him of disapproval of the subpoena within 72 hours, excluding Saturdays and Sundays, of being notified of the subpoena. If a subpoena is disapproved by the ranking minority member as provided in this subsection, the subpoena may be authorized by vote of the members of the Committee. When the Committee or chairman authorizes subpoenas, subpoenas may be issued upon the signature of the chairman or any other member of the Committee designated by the chairman.

D. *Witness counsel.* Counsel retained by any witness and accompanying such witness shall be permitted to be present during the testimony of such witness at any public or executive hearing, and to advise such witness while he or she is testifying, of his or her legal rights, provided, however, that any government officer or employee being interrogated by the staff or testifying before the Committee and electing to have his personal counsel present shall not be permitted to select such counsel from the employees or officers of any governmental agency. This subsection shall not be construed to excuse a witness from testifying in the event his counsel is ejected for conducting himself in such a manner so as to prevent, impede, disrupt, object or interfere with the orderly administration of the hearings; nor shall this subsection be construed as authorizing counsel to coach the witness or answer for the witness. The failure of any witness to secure counsel shall not excuse such witness from attendance in response to subpoena.

E. *Witness transcripts.* An accurate electronic or stenographic record shall be kept of the testimony of all witnesses in executive and public hearings. The record of his or her own testimony whether in public or executive session shall be made available for inspection by the witness or his or her counsel under Committee supervision; a copy of any testimony given in public session or that part of the testimony given by the witness in executive session and subsequently quoted or made part of the record in a public session shall be made available to any witness at his or her expense if he or she so requests. Upon inspecting his or her transcript, within a time limit set by the chief clerk of the Committee, a witness may request changes in testimony to correct errors of transcription and grammatical errors; the chairman or a staff officer designated by him shall rule on such requests.

F. *Impugned persons.* Any person whose name is mentioned or is specifically identified, and who believes that evidence presented, or comment made by a member of the Committee or a staff officer, at a public hearing or at a closed hearing concerning which there have been public reports, tends to impugn his or her character or adversely affect his or her reputation may:

(a) file a sworn statement of facts relevant to the evidence or comment, which statement shall be considered for placement in the hearing record by the Committee;

(b) request the opportunity to appear personally before the Committee to testify in his or her own behalf, which request shall be considered by the Committee; and

(c) submit questions in writing which he or she requests be used for the cross-examination of other witnesses called by the Committee, which questions shall be considered for use by the Committee.

G. *Radio, television, and photography.* The Committee, or any Subcommittee thereof, may permit the proceedings of hearings which are open to the public to be photographed and broadcast by radio, television or both, subject to such conditions as the Committee, or Subcommittee, may impose. (Rule XXVI, Sec. 5(c), Standing Rules of the Senate.)

H. *Advance statements of witnesses.* A witness appearing before the Committee, or any Subcommittee thereof, shall provide 100 copies of a written statement and an executive summary or synopsis of his proposed testimony at least 48 hours prior to his appearance. This requirement may be waived by the chairman and the ranking minority member, following their determination that there is good cause for failure of compliance. (Rule XXVI, Sec. 4(b), Standing Rules of the Senate.)

I. *Minority witnesses.* In any hearings conducted by the Committee, or any Subcommittee thereof, the minority members of the Committee shall be entitled, upon request to the chairman by a majority of the minority to call witnesses of their selection during at least one day of such hearings. (Rule XXVI, Sec. 4(d), Standing Rules of the Senate.)

J. *Full Committee depositions.* Depositions may be taken prior to or after a hearing as provided in this subsection.

(1) Notices for the taking of depositions shall be authorized and issued by the chairman, with the approval of the ranking minority member of the Committee, provided that the chairman may initiate depositions without the approval of the ranking minority member where the chairman or a staff officer designated by him has not received notification from the ranking minority member or a staff officer designated by him of disapproval of the deposition within 72 hours, excluding Saturdays and Sundays, of being notified of the deposition notice. If a deposition notice is disapproved by the ranking minority member as provided in this subsection, the deposition notice may be authorized by vote of the members of the Committee. Committee deposition notices shall specify a time and place for examination, and the name of the staff officer or officers who will take the deposition. Unless otherwise specified, the deposition shall be in private.

(2) Witnesses may be accompanied at a deposition by counsel to advise them of their rights.

(3) Oaths at depositions may be administered by an individual authorized by local law to administer oaths. Questions shall be propounded orally by Committee staff. If a witness objects to a question and refuses to testify, the objection shall be noted for the record and the Committee staff may proceed with the remainder of the deposition.

(4) The Committee staff shall see that the testimony is transcribed or electronically recorded (which may include audio or audio/video recordings). If it is transcribed, the witness shall be furnished with a copy for review. No later than five days thereafter, the witness shall return a signed copy, and the staff shall enter the changes, if any, requested by the witness in accordance with subsection (E). If the witness fails to return a signed copy, the staff shall note on the transcript the date a copy was provided and the failure to return it. The individual administering the oath shall certify on the

transcript that the witness was duly sworn in his presence, the transcriber shall certify that the transcript is a true record of the testimony, and the transcript shall then be filed with the chief clerk of the Committee. Committee staff may stipulate with the witness to changes in the procedure; deviations from this procedure which do not substantially impair the reliability of the record shall not relieve the witness from his obligation to testify truthfully.

RULE 6. COMMITTEE REPORTING PROCEDURES

A. *Timely filing.* When the Committee has ordered a measure or recommendation reported, following final action the report thereon shall be filed in the Senate at the earliest practicable time. (Rule XXVI, Sec. 10(b), Standing Rules of the Senate.)

B. *Supplemental, minority, and additional views.* A member of the Committee who gives notice of his intention to file supplemental, minority or additional views at the time of final Committee approval of a measure or matter, shall be entitled to not less than three calendar days in which to file such views, in writing, with the chief clerk of the Committee. Such views shall then be included in the Committee report and printed in the same volume, as a part, thereof, and their inclusion shall be noted on the cover of the report. In the absence of timely notice, the Committee report may be filed and printed immediately without such views. (Rule XXVI, Sec. 10(c), Standing Rules of the Senate.)

C. *Notice by Subcommittee chairmen.* The chairman of each Subcommittee shall notify the chairman in writing whenever any measure has been ordered reported by such Subcommittee and is ready for consideration by the full Committee.

D. *Draft reports of Subcommittees.* All draft reports prepared by Subcommittees of this Committee on any measure or matter referred to it by the chairman, shall be in the form, style, and arrangement required to conform to the applicable provisions of the Standing Rules of the Senate, and shall be in accordance with the established practices followed by the Committee. Upon completion of such draft reports, copies thereof shall be filed with the chief clerk of the Committee at the earliest practicable time.

E. *Impact statements in reports.* All Committee reports, accompanying a bill or joint resolution of a public character reported by the Committee, shall contain (1) an estimate, made by the Committee, of the costs which would be incurred in carrying out the legislation for the then current fiscal year and for each of the next five years thereafter (or for the authorized duration of the proposed legislation, if less than five years); (2) a comparison of such cost estimates with any made by a Federal agency; or (3) a statement of the reasons for failure by the Committee to comply with these requirements as impracticable, in the event of inability to comply therewith. (Rule XXVI, Sec. 11(a), Standing Rules of the Senate.)

Each such report shall also contain an evaluation, made by the Committee, of the regulatory impact which would be incurred in carrying out the bill or joint resolution. The evaluation shall include (a) an estimate of the numbers of individuals and businesses who would be regulated and a determination of the groups and classes of such individuals and businesses, (b) a determination of the economic impact of such regulation on the individuals, consumers, and businesses affected, (c) a determination of the impact on the personal privacy of the individuals affected, and (d) a determination of the amount of paperwork that will result from the regulations to be promulgated pursuant to the bill or joint resolution, which determination may include, but need not be limited to, estimates of the amount of time and financial costs required of affected parties, showing whether the effects of the bill or joint resolution could be substantial, as well as reasonable estimates of the recordkeeping requirements that may be associated with the bill or joint resolution. Or, in lieu of the forgoing evaluation, the report shall include a statement of the reasons for failure by the Committee to comply with these requirements as impracticable, in the event of inability to comply therewith. (Rule XXVI, Sec. 11(b), Standing Rules of the Senate.)

RULE 7. SUBCOMMITTEES AND SUBCOMMITTEE PROCEDURES

A. *Regularly established Subcommittees.* The Committee shall have five regularly established Subcommittees. The Subcommittees are as follows:

C. *Subcommittee membership.* Following consultation with the majority members, and the ranking minority member, of the Committee, the chairman shall announce selections for membership on the Subcommittees referred to in paragraphs A and B, above.

D. *Subcommittee meetings and hearings.* Each Subcommittee of this Committee is authorized to establish meeting dates and adopt rules not inconsistent with the rules of the Committee, providing that the rules of the Subcommittees concerning subpoenas and depositions need not be consistent with the rules of the Committee.

E. *Subcommittee subpoenas.* Each Subcommittee is authorized to adopt rules concerning subpoenas which need not be consistent with the rules of the Committee; *provided, however,* that in the event the Subcommittee authorizes the issuance of a subpoena pursuant to its own rules, a written notice of intent to issue the subpoena shall be provided to the chairman and ranking minority member of the Committee, or staff officers designated by them, by the Subcommittee chairman or a staff officer designated by him immediately upon such authorization, and no subpoena shall issue for at least 48 hours, excluding Saturdays and Sundays, from delivery to the appropriate offices, unless the chairman and ranking minority member waive the 48 hour waiting period or unless the Subcommittee chairman certifies in writing to the chairman and ranking minority member that, in his opinion, it is necessary to issue a subpoena immediately.

F. *Subcommittee budgets.* Each Subcommittee of this Committee, which requires authorization for the expenditure of funds for the conduct of inquiries and investigations, shall file with the chief clerk of the Committee, not later than January 10 of that year, its request for funds for the 12-month period beginning on March 1 and extending through and including the last day of February of the following year. Each such request shall be submitted on the budget form prescribed by the Committee on Rules and Administration, and shall be accompanied by a written justification addressed to the chairman of the Committee, which shall include (1) a statement of the Subcommittee's area of activities, (2) its accomplishments during the preceding year; and (3) a table showing a comparison between (a) the funds authorized for expenditure during the preceding year, (b) the funds actually expended during that year, (c) the amount requested for the current year, and (d) the number of professional and clerical staff members and consultants employed by the Subcommittee during the preceding year and the number of such personnel requested for the current year. (Rule XXVI, Sec. 9, Standing Rules of the Senate.)

RULE 8. CONFIRMATION STANDARDS AND PROCEDURES

A. *Standards.* In considering a nomination, the Committee shall inquire into the nominee's experience, qualifications, suitability, and integrity to serve in the position to which he or she has been nominated. The Committee shall recommend confirmation, upon finding that the nominee has the necessary integrity and is affirmatively qualified by reason of training, education, or experience to carry out the functions of the office to which he or she was nominated.

B. *Information Concerning the Nominee.* As a requirement of confirmation, each nominee shall submit on forms prepared by the Committee the following information:

(1) A detailed biographical resume which contains information relating to education, employment and achievements;

(2) Financial information, including a financial statement which lists assets and liabilities of the nominee and tax returns for the three years preceding the time of his or her nomination; and

(3) Copies of other relevant documents requested by the Committee, such as a proposed blind trust agreement.

At the request of the chairman or the ranking minority member, a nominee shall be required to submit a certified financial statement compiled by an independent auditor.

Information received pursuant to this subsection shall be made available for public inspection; *provided, however,* that tax returns shall, after review by persons designated in subsection (C) of this rule, be placed under seal to ensure confidentiality.

C. *Procedures for Committee inquiry.* The Committee shall conduct an inquiry into the experience, qualifications, suitability and integrity of nominees, and shall give particular attention to the following matters:

(1) A review of the biographical information provided by the nominee, including, but not limited to, any professional activities related to the duties of the office to which he or she is nominated;

(2) A review of the financial information provided by the nominee, including tax returns for the three years preceding the time of his or her nomination;

(3) A review of any actions, taken or proposed by the nominee, to remedy conflicts of interest; and

For the purpose of assisting the Committee in the conduct of this inquiry, a majority investigator or investigators shall be designated by the chairman and a minority investigator or investigators shall be designated by the ranking minority member. The chairman, ranking minority member, other members of the Committee and designated investigators shall have access to all investigative reports on nominees prepared by any Federal agency, except that the chairman and the ranking minority member shall review the report of the Federal Bureau of Investigation, which may also be reviewed upon request by any other member of the Committee. The Committee may request the assistance of the General Accounting Office and any other such expert opinion as may be necessary in conducting its review of information provided by nominees.

D. *Report on the Nominee.* After a review of all information pertinent to the nomination, a confidential report on the nominee shall be submitted to the chairman and the ranking minority member. The report shall detail any unresolved or questionable matters that have been raised during the course of the inquiry. Copies of all relevant documents and forms, except any tax returns, submitted pursuant to subsection (B) and any report of the Federal Bureau of Investigation, shall be attached to the report. The report shall be kept in the Committee office for the inspection by members of the Committee.

E. *Hearings.* The Committee shall conduct a public hearing during which the nominee shall be called to testify under oath on all matters relating to his or her suitability for office, including the policies and programs which he or she will pursue while in that position. No hearing shall be held until at least 72 hours after the following events have occurred: the nominee has responded to pre-hearing questions submitted by the Committee; and the report required by subsection (D) has been submitted to the chairman and ranking minority member, and is made available for inspection by members of the Committee.

F. *Action on confirmation.* A mark-up on a nomination shall not occur on the same day that the hearing on the nominee is held. In order to assist the Committee in reaching a recommendation on confirmation, the staff may make an oral presentation to the Committee at the mark-up, factually summarizing the nominee's background and the steps taken during the pre-hearing inquiry.

G. *Application.* The procedures contained in subsections (C), (D), (E), and (F) of this rule shall apply to persons nominated by the President to positions requiring their fulltime service. At the discretion of the chairman and ranking minority member, those procedures may apply to persons nominated by the President to serve on a part-time advisory basis.
